

# Subcontractor List

## To Be Submitted with the Bid Proposal

Project Name \_\_\_\_\_

**Failure to list subcontractors with whom the bidder, if awarded the contract, will directly subcontract for performance of the work of structural steel installation, rebar installation, heating, ventilation and air conditioning, plumbing, and electrical, or naming more than one subcontractor to perform the same work will result in your bid being non-responsive and therefore void.**

Subcontractor(s) with whom the bidder will directly subcontract that are proposed to perform the work of structural steel installation, rebar installation, heating, ventilation and air conditioning, plumbing, and electrical must be listed below. The work to be performed is to be listed below the subcontractor(s) name. Bidder may add additional pages to account for additional subcontractors, if needed.

**If the the Project includes one or more categories of work referenced in the scope of work or drawings and no subcontractor is listed below to perform such work, the bidder certifies that the work will be performed by the bidder itself.**

\* Bidder's are notified that it is the opinion of the enforcement agency that PVC or metal conduit, junction boxes, etc, are considered electrical equipment and therefore considered part of electrical work, even if the installation is for future use and no wiring or electrical current is connected during the project.
